

# WEST VANCOUVER Waterfront Estate

**T**his outstanding waterfront estate is in a league of its own.

This gracious five bedroom Tudor style home lords majestically over its sprawling acreage.

The fabulous self-contained beach-side guest house is literally on top of the water, and the 2 bedroom coach house offers perfect in-law or teenage accommodation.

The lands flow gently to the sea with rolling lawns and storybook passageways.

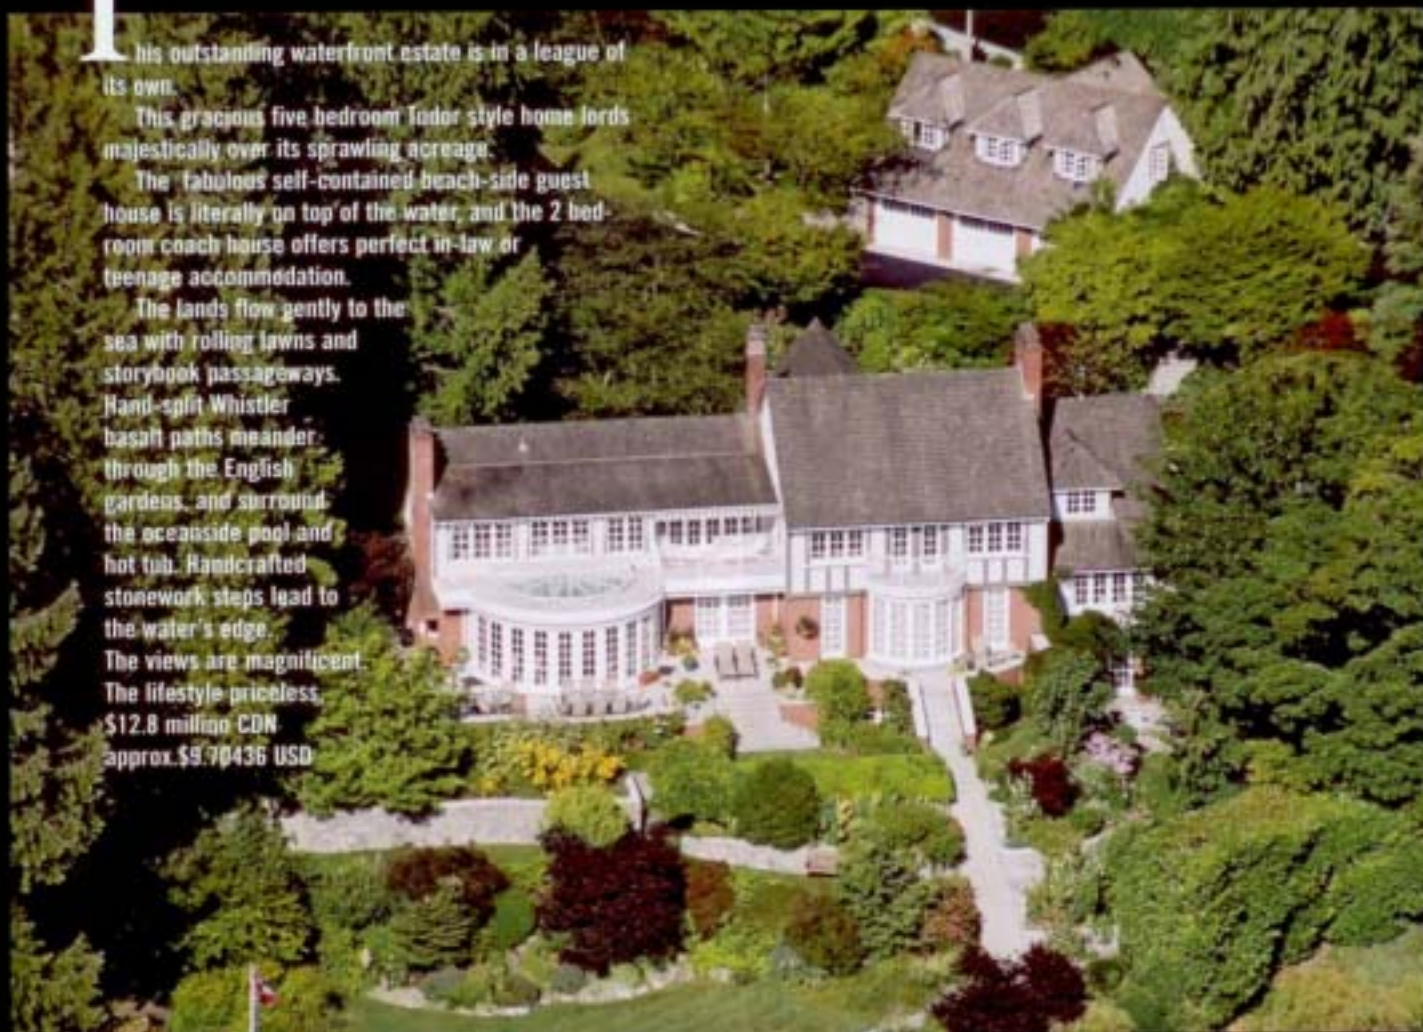

Hand-split Whistler basalt paths meander through the English gardens, and surround the oceanside pool and hot tub. Handcrafted stonework steps lead to the water's edge.

The views are magnificent.

The lifestyle priceless.
